FOR DENTAL PROFESIONALS

ALVIN B.K. YEO, BDS, Cert (Perio), MS (Oral Biology), FAMS

Dr. Alvin Yeo is a Consultant and currently working as a Periodontist and Implant Specialist, in the Restorative Department (Periodontics Unit) at the National Dental Centre, Singapore. He also assumes the positions of an Adjunct Assistant Professor at the Department of Mechanical Engineering, NUS, a Research Fellow at the Department of Experimental Surgery, SGH and a Visiting Consultant at Twin City Medical and Dental Clinic.

He graduated in Periodontics at the University of North Carolina at Chapel Hill, USA in 2003 with a Certificate in Periodontics and a Masters of Science (MS) degree in Oral Biology. He received his Bachelor of Dental Surgery (BDS) degree from the National University of Singapore in 1997. He was conferred Fellow in the Academy of Medicine, Singapore (FAMS) in 2007.

Dr. Yeo has received various awards and scholarships. Recently, he was presented the Exxon-Mobil Research Fellowship Award in May 2007. And in 2006, he was awarded the SingHealth Clinician Scientist Scheme and the SingHealth Foundation Mentorship Programme Grant. In 2003, he received the ITI Fellowship to pursue a 1-year attachment in the Oral Surgery and Stomatology Department at the University of Bern, Switzerland as a Visiting Research Fellow. In addition, he received the Financial Year 1999 Human Management Development Program (FY99 HMDP) Fellowship to proceed with his Postgraduate training in Periodontics at the University of North Carolina at Chapel Hill.

Dr. Yeo's major clinical and research interests include the evaluation of novel biomaterials and scaffolds for dentoalveolar ridge augmentation and dental implant related therapy. In addition, he has extensive clinical experience in the management of periodontal disease both surgically and non-surgically. Dr Yeo holds several positions in organizations and committees and is also involved in the teaching of the Postgraduate Periodontics Program. He lectures actively both locally and regionally on topics of related to Periodontology and Implant Dentistry.

CHRISTINA CHEOK, BDS, MDS (Perio), MRDRCs (Edinburgh)

Dr Christina Cheok is a Registrar and currently working as a Periodontist and Implant Specialist, in the Restorative Department (Periodontics Unit) at the National Dental Centre Singapore (NDCS). She assumes the role of Supervisor-in-charge of Oral Health Therapists in NDCS. She is also a Lecturer and Clinical Supervisor of Oral Health Therapists Trainees from the Nanyang Polytechnic.

She graduated in Periodontics at the National University of Singapore in 2008 with Masters of Dental Surgery in Periodontics and Masters of Restorative Dentistry (Royal College of Surgeons, Edinburgh). She received her Bachelor of Dental Surgery degree from the National University of Singapore in 2002.

Dr Cheok's major research interest involves the periodontal-systemic interaction. She was awarded 3rd prize for her poster presentation during the International Dental Exhibition and Meeting (IDEM 2008). Her clinical interest includes the surgical management of periodontal disease, especially in periodontal guided tissue regeneration.

Dr Cheok pursued a 9-month attachment in the Periodontology Department in the University of Bern, Switzerland in 2004. She was involved in the teaching of the Undergraduate Periodontics Program. Dr Cheok holds positions in organizations and committees and also lectures actively both locally and regionally.

Friday, 9 October 2009

08.30 - 09.00 Registration

09.00 - 10.00 **SAC Classification for Management of Implant Cases, Implant Site analysis**
By : Dr. Alvin Yeo

10.00 - 10.30 Morning Coffee Break

10.30 - 12.30 **The use of biomaterials in implant dentistry**

- What is GBR and types of bone grafts
- Applications of GBR procedures in implant dentistry (extraction socket defects, ridge augmentation prior to implant placement, contour augmentation of peri-implant defects & sinus floor elevation)

By: Dr. Alvin Yeo

12.30 - 13.30 Lunch Break

13.30 - 15.00 Workshop

Focus on implant placement using bone level and tissue level implants + contour augmentation of peri-implant defects

By: Dr. Alvin Yeo

15.00 - 15.30 Afternoon Tea Break

15.30 - 17.00 Workshop, cont'd
By: Dr. Alvin Yeo

Saturday, 10 October 2009

08.30 - 09.00 Registration

09.00 - 11.00 Workshop

Focus on socket preservation & management of extraction socket defects
By : Dr. Alvin Yeo

11.00 - 12.00 **Use of biomaterials in periodontics. What is GTR ?**
By : Dr. Christina Cheok

12.00 - 13.00 Lunch Break

13.00 - 15.00 Workshop

Focus on GTR of vertical defects around teeth
By : Dr. Christina Cheok
